

## Dublin Scioto

## High School

August 21, 2013

4000 Hard Road  
Dublin, Ohio 43016

Dear Parent(s):

Hello my name is Kelcie Ellis and it will be my pleasure to educate your son or daughter in class at Dublin Scioto this year. I attended The Ohio State University where I received my Bachelor of Science in Biology and Ashland University where I earned my integrated science-teaching license for grades 7-12. I am teaching 5 sections of Physical Science this year. It is my mission to educate your child in a high energy, but serious, safe and structured environment. A little background about myself: I am from Dublin, Ohio and graduated from Dublin Coffman High School. I have previous teaching experience in a physical science classroom at Karrer Middle School and in a biology classroom at Coffman. During my undergrad I coached two seasons of track and field here at Scioto and this past year I coached track and field and MATHCOUNTS at Karrer.

It is important that there is an open line of communication between you as parents and myself as a teacher. For this fundamental reason, if at anytime or for any reason if you want to get in contact with me, my email address is: [ellis\\_kelcie@dublinschools.net](mailto:ellis_kelcie@dublinschools.net). You may also contact me through my voicemail here at school 614-760-4642. For the quickest response please e-mail, as I am able to frequently check my e-mail during the day.

I look forward to educating and increasing the knowledge of your son or daughter.

Go Irish,

Kelcie Ellis
